Geocaching Etiquette

- Obey local laws. Follow regulations governing the use of roads and other public areas. Obtain permission before entering private property.
- Leave No Trace. Practice "Cache In Trash Out." Clean up litter along the way and don't leave any behind. This helps keep trails clean.
- Respect the geocache. Replace the container exactly as you found it.
- Log your find. Sign the logbook and share your experience online. If you take something from the cache, leave something of equal or greater value.
- Keep 'em moving. Only take a trackable item if you are willing to help it travel from geocache to geocache.
