

## **iNaturalist Stats**

17,854 observations across all of our parks (as of 1/2/2026)

2,447 observations made in 2025

### Most Observed Species Across All Parks

1. Eastern Amberwing (161)
2. Eastern Forktail (158)
3. Blue Dasher (133)
4. Eastern Pondhawk (129)
5. Common Eastern Bumble Bee (127)

### Most Interesting Observations (2025)

Black-crowned Night Heron – Pike Ridge Park

- Only 1 observation on iNaturalist of this species in Stark County
- Listed as Threatened in Ohio

Semipalmated Sandpiper – Deer Creek Reservoir

- Very few observations on iNat in Stark County
- The only observations since 2021 have been at Walborn and Deer Creek
- Federally listed as Near Threatened

Bobolink – Fry Family Park

- Almost all observations of this species in Stark County have been at Fry
- Listed as a Species of Concern in Ohio

Compass Plant – Tam'O'Shanter

- Listed as Endangered in Ohio

Parks ordered from most observations to least. All species written below each park are Ohio's State Listed Species (unless otherwise written) that have been observed in that park in 2025.
